- 6 Hello, everyone. How was your summer vacation? I enjoyed staying in Okinawa for three days. I visited many places there. I want each of you to make a speech about your summer vacation in English next week.
Today, write the things you want to tell in English in your notebook, first. I'll give you fifteen minutes. After that, make ten groups of four people. Then, talk about your summer vacation in English to the other students in your group. When each of the students finishes talking, the other students have to ask some questions in English. Doing this will help each of you to make a good speech next week.
